

SKANBATT L605 Deep Cycle Battery 6V 210Ah

Model: **DCB-GC2-605**

Product Overview

Reliable deep cycle battery designed for repeated cycling in electric vehicles and industrial cleaning equipment.

Key Features

- Designed for repeated charge and discharge cycles
- Stable performance under load
- Suitable for electric work vehicles
- Durable construction for industrial environments
- Common battery format for golf carts

Technical Specifications

Voltage	6V
Capacity (C20)	210Ah
Battery Type	Flooded deep cycle lead-acid
Battery Format	GC2
Dimensions (L x W x H)	264 x 181 x 276 mm
Weight	26.5 kg

Typical Applications

Golf carts, electric utility vehicles, aerial lifts, floor scrubbers, sweepers, and other deep cycle battery applications where reliable cyclic performance is required.

Charging recommendation: Use a charger with a correct charging profile for flooded lead-acid batteries. Temperature compensation is recommended for optimal charging.
