

SKANBATT L145 Deep Cycle Battery 6V 260Ah

Model: **DCB-GC2-145**

Product Overview

High capacity deep cycle battery designed for demanding equipment requiring extended operating time and consistent power delivery.

Key Features

- Extra high capacity for longer runtime
- Designed for demanding cyclic applications
- Reliable power delivery for industrial machines
- Robust flooded battery technology
- Ideal for golf carts, lifts and floor machines

Technical Specifications

Voltage	6V
Capacity (C20)	260Ah
Battery Type	Flooded deep cycle lead-acid
Battery Format	GC2
Dimensions	264 x 181 x 264 mm
Total Height	295 mm
Weight	33 kg

Typical Applications

Golf carts, electric utility vehicles, aerial lifts, floor scrubbers, sweepers, and other deep cycle battery applications where reliable cyclic performance is required.

Charging recommendation: Use a charger with a correct charging profile for flooded lead-acid batteries. Temperature compensation is recommended for optimal charging.
